

IQ-IJ519/520

UV-optimized Flag FR

100% knitted and rip-proof polyester with a matt surface. This material is with or without backing available. Ideal for any **indoor** applications.

Usability

- Specially developed for UV-curable inks.
- For brilliant colours ink settings must be optimized according to ink, printer and software instructions.
- **Attention:** To ensure an easy removal of the paper backing adjust the heaters of the printer to a max. of 35°C / 95°F.
- We recommend
